

Troop 1028/1029 New Scout Handbook Information

The Scout Handbook contains the most important reference information and rank advancement tracking that you will use throughout your entire Scouting career. Bring it to every Troop meeting and event unless notified otherwise, and be sure to write your name in your book in case it gets lost.

Our Troops use the spiral bound Handbook versions, which are slightly bulkier but have the advantage of lying flat for easier reference (as shown).

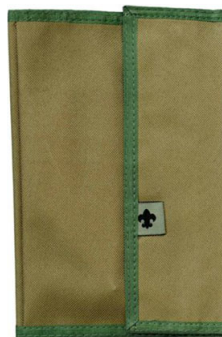

Note - Troop 1029 Scouts

There is a "Handbook for Girls" which has the same content as the boy version except for the pictures, and a slightly different YPT pamphlet in the front.

Keep Your Handbook Safe

Your handbook was provided in a large Ziploc bag to keep it protected. You should strongly consider the purchase of a wrap-around or zipper cover at the Scout Shop as a better protection for your Handbook. For campouts, hikes, and other outings, keep your Handbook in the Ziploc bag to further protect it from the elements.

Handbook Cover (wrap or zipper style)
