Be Safe. For Life.™

# COVID Rules Reminders

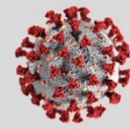

COVID Rules  
Reminder

- Our Troop is bound by VAHC Council requirements, **NOT** by VA state or CDC guidelines (or advice on the radio, etc.)
  - Council requirements tend to lag behind these and be stricter
- **Meetings limited to 50 people MAX**
- **Biggest requirement: Masks MUST be worn at Troop meetings and outings – both indoor and outdoor !**
  - Hiking/camping/training – masks within 10 feet of a non-family member
  - Meetings – currently masks within 6 feet, but no idea why different
  - You can take masks off if further than 10 feet apart or if you are just hanging out with your own family (maybe just say 10 feet for everything)
  - Masks are too hard to wear when exercising rigorously, so spread out!
  - Masks must be worn properly – see next slide !!
  - **No mask or no cooperation = I will ask you to leave!!!**

# Wearing a Mask Properly

1028  
1029

COVID Rules  
Reminder

- Mask needs to completely cover your nose and mouth like this
- Not like these crazy Scouts !

The Ear

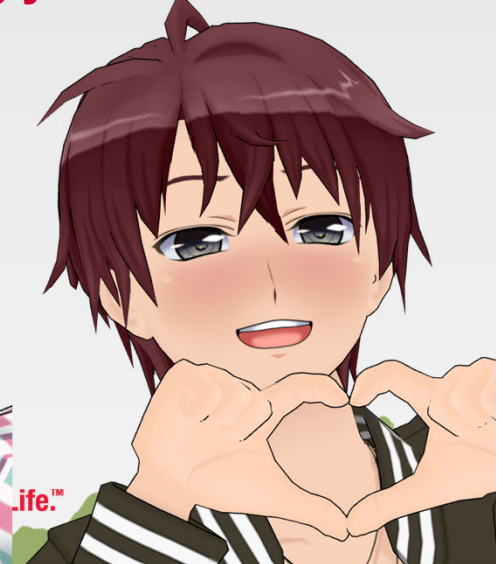

The Neck

The "Covering up Ugly"

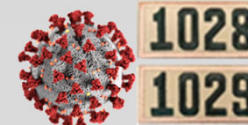

The No Mask

# COVID Rules for Outings

*COVID Rules  
Reminder*

- **There are some special rules for outings (updated 9/9)**
  - General: Wear masks, wash hands and sanitize shared gear frequently
  - Paperwork: Signed COVID release form is required for Council events and camping at Camp Shenandoah
    - They will do temp checks upon arrival, if you fail you go home
    - If you are feeling ill, stay home
  - Carpooling: Have your parents drive you both ways, or wear masks if riding with non family members
  - Tents: We will **solo tent** until further notice, but if camping with a sibling you can tent together
    - Reminder: Troop-age Scouts cannot tent with parents per YPT rules
  - Cooking: Wear masks, extra hand washing, try to minimize helpers, individually bagged snacks are better than big shared snacks

**Prepared. For Life.™**

**SCOUTS BSA: TROOP 1028/1029**

# Questions?

Hmmm, questions have you ??
